### **Theta Phi Alpha Announces Closure of Nova Southeastern Colony**

BAY VILLAGE, Ohio – Theta Phi Alpha is saddened to announce the closure of the Nova Southeastern University Colony in Fort Lauderdale, Florida on May 03, 2017.

Nova Southeastern University was colonized Feb. 20, 2015 by a strong group of women representing the values of the Fraternity. During their time as a colony, members worked hard to make great philanthropic and social contributions to the Nova Southeastern campus and local community. However, due to sustainability challenges the Grand Council voted to close the colony.

Members of the Nova Southeastern University Colony have been invited to join Theta Phi Alpha as alumnae initiates and enjoy the benefits and opportunities that our lifelong sisterhood offers. Questions can be directed to the Theta Phi Alpha National Office at (440) 899-9282.

*Founded in 1912, Theta Phi Alpha is a women's organization to provide close comradeship; to advance educational, social, and philanthropic interests and leadership training; to encourage spiritual development and adherence to the highest moral standards; and to promote lifelong bonds of friendship; a fraternity for college and university women and alumnae. Theta Phi Alpha was founded at the University of Michigan in Ann Arbor; today there are 57 active collegiate chapters, 37 alumnae associations and four alumnae clubs in the United States.*
