Theta Phi Alpha Foundation Announces Organizational Changes

BAY VILLAGE, Ohio – Theta Phi Alpha Foundation is pleased to announce several organizational changes.

Leslie Ervin Trahant, Alpha Beta, has been elected Chairman of the Foundation Board of Directors, effective immediately. Leslie has served on the Board for six years, most recently in the role of Director of Strategic Giving. Leslie has also served Theta Phi Alpha Fraternity in many roles, including National Second Vice President and National Executive Secretary. Leslie is a wearer of the Guard of Honor.

Christine O'Brien, Kappa, has been elected as a Director of the Foundation. Christine has previously served on the Foundation as Director of Communication. Christine brings a background in programming, academic excellence, and education to the Foundation from her work with Theta Phi Alpha chapters, associations, and National Office.

The Foundation Board thanks **Amanda Boysun**, Alpha Tau, for her service to Theta Phi Alpha Foundation in the roles of Chairman and Director of Communication. Amanda has set us on a secure course as she leaves the work of the Foundation. Amanda said, "I knew that I would be turning over the Chairman position to someone who will continue the forward momentum and success of the Foundation."

Additionally, the Foundation Board has changed the titles of several of our Board members to Director. In conjunction with this change, we have launched a new program of identified program leaders and team engagement that will increase our flexibility and improve the personal development and onboarding of our directors. These changes reflect our commitment to our vision - *Ever Loyal Commitment, Ever Lasting Support*, will provide increased accountability to our donors, and ultimately benefit the programs supported by Theta Phi Alpha Foundation.

Theta Phi Alpha Foundation enriches Theta Phi Alpha sisters by providing resources for scholarship, philanthropy, and education through charitable giving.
